Accessing your product documentation

You can access documentation for your Symantec Encryption products at the following pages at the Symantec support center:

- **Symantec Encryption Management Server**
  https://support.symantec.com/en_US/dpl.62369.html

- **Symantec Encryption Desktop**
  https://support.symantec.com/en_US/encryption-desktop.html

- **PGP Command Line**
  https://support.symantec.com/en_US/dpl.59287.html

Begin by reading the Release Notes. The Release Notes document contains important information about the latest release, such as new features, resolved issues, and any known issues.
